Departments of the University

The University comprehends the following schools, all of which are open to both men and women:

THE COLLEGE OF ARTS AND SCIENCES,
THE GRADUATE SCHOOL OF ARTS AND SCIENCES,
THE MEDICAL DEPARTMENT,
THE LAW DEPARTMENT,
THE DENTAL DEPARTMENT.

Trustees of the University

A. Y. FORD, President.....1261 South First Street

Term expires March, 1920

MARION E. TAYLOR.....1378 South Third Street

FRED W. KEISKER.....926 Cherokee Road

Term expires March, 1922

OSCAR FENLEY.....1458 South Third Street

MADISON L. MILLER.....208 East Ormsby Avenue

Term expires March, 1924

HELM BRUCE.....1411 S. Third Street

WILLIAM W. DAVIES.....2515 Longest Avenue

Term expires March, 1926

JOHN W. BARR.....Cherokee Drive

T. L. JEFFERSON.....508 Weissinger-Gaulbert
Apartments

Term expires March, 1928

B. BERNHEIM.....1416 South Third Street

Calendar

College of Dentistry

1918—

September 24-28 Examinations for removal of conditions
for advanced standing.

September 30 Monday. Academic year begins.

October 10 Thursday. Last day for entrance in course.

November 31 Thursday. Thanksgiving Day. Holiday.

December 21 Saturday. Christmas vacation begins.

1919—

January 1 Wednesday. Lectures resumed.

January 27 Monday Mid-year examinations begin.

 Last Monday in January.

February 3 Monday. Second Semester begins.

February 22 Saturday. Washington's Birthday. Holiday.

May 22 Thursday. Final examinations begin.

May 30 Friday. Memorial Day. Holiday.

June 1 Sunday. Baccalaureate Sermon.

June 4 Wednesday. Alumni Banquet.

June 5 Thursday. Commencement.

Committee on Admission

PROFESSOR VON WALTHER

PROFESSOR SIFF

PROFESSOR ANDERSON

ASSISTANT PROFESSOR DUSTIN

PROFESSOR DAVENPORT

Faculty

HENRY BRYANT TILESTON, M. D., D. D. S., Dean,
Professor of Operative Dentistry and Dental Pathology
 Starks Building

HARRY BAXTER HOLMES, D. D. S., Secretary,
Professor of Materia Medica and Therapeutics
 Starks Building

WILLIAM MARCUS RANDALL, D. D. S.,
Professor of Prosthetic Dentistry and Technics
 1035 S. Second

HENRY HORACE GRANT, A. M., M. D.,
Professor of Surgery—General and Clinical
 Atherton Building

BYRON DARIUS RIVERS, A. M., D. D. S.,
Professor of Oral Hygiene and Embryology
 Starks Building

FRANK WENDELL ROUNDS, A. B., D. D. S.,
Professor of Anesthesia and Oral Surgery
 Starks Building

HARRY B. TILESTON, JR., D. D. S.,
Professor of Orthodontia
 Starks Building

MAX MAURICE EBLE, D. D. S.,
Professor of Practice, Ethics and History
 Starks Building

EDWARD HENRY HUBBUCH, D. D. S.,
Professor of Crown and Bridge Work
 Starks Building

ALBERT PERRY WILLIAMS, D. D. S.,
Professor of Crown and Bridge Work and Radiography
 Starks Building

ROBERT FULTON CANINE, M. D., D. D. S., LL. B.,
Professor of Jurisprudence
 432 S. Fifth

GEORGE A. HENDON, M. D.,
*Professor of Principles and Practice of Surgery and
 Clinical Surgery*
 Atherton Building

CHAS. O. ZAHNER, Ph. G., M. D.,
Professor of Physiology
 101 W. Chestnut

THOMAS K. VAN ZANDT, A. B., M. D.,
Professor of Physiology
 Atherton Building

Faculty—Continued.

CHAS. BROOKOVER, S. M., Ph. D.,
Professor of Anatomy, Histology and Embryology
 101 W. Chestnut

HENAN HUMPHREY, A. B., M. D.,
Professor of Anatomy
 1300 Hepburn

A. W. HOMBERGER, S. M., Ph. D.,
Professor of Chemistry
 101 W. Chestnut

STUART GRAVES, M. D.,
Professor of Pathology and Bacteriology,
Pathologist to Louisville City Hospital
 101 W. Chestnut

E. C. PERROW, A. M., Ph. D.,
Professor of English
 119 W. Broadway

B. M. BRIGMAN, S. M.
Professor of Technical Drawing
 119 W. Broadway

*L. ROY TILESTON, B. S., D. D. S.,
Associate Professor of Operative Dentistry

WILLIAM E. GOEPPER, D. D. S.,
Associate Professor in Prosthetic Dentistry
 1336 Bardstown Road

C. GUY FORSEE, M. D.
Associate Professor of Physiology
 Atherton Building

JOHN T. O'ROURKE, A. B., D. D. S.,
Instructor in Chemistry
Assistant in Science Laboratories
 College Building

OLE CLEVELAND JACKSON, A. B.
Instructor in Anatomy
 101 W. Chestnut

Instructor in Pathology and Bacteriology

APPLICANT BEING CONSIDERED
Assistant in Pathology and Bacteriology

APPLICANT BEING CONSIDERED
Instructor in Technical Drawing

Adjunct and Clinical Staff

H. B. TILESTON, M. D., D. D. S.,
Special Clinical Dentistry

W. M. RANDALL, D. D. S.,
Superintendent of Clinic

H. B. HOLMES, D. D. S.,
Special Clinical Dentistry

B. D. RIVERS, A. M., D. D. S.,
Special Clinical Dentistry

F. W. ROUNDS, A. B., D. D. S.
Special Clinical Dentistry

A. P. WILLIAMS, D. D. S.
Special Clinical Dentistry

E. H. HUBBUCH, D. D. S.,
Special Clinical Dentistry

ADOLPH PFINGST, A. M., M. D.,
Special Clinical Eye, Ear, Nose, and Throat

WM. E. GOEPFER, D. D. S.,
Special Clinical Dentistry

*L. R. TILESTON, B. S., D. D. S.,
Special Clinical Dentistry

*J. HARRY LEE, D. D. S.,
Special Clinical Dentistry

CHARLES A. FUNK, D. D. S.,
Special Clinical Dentistry

BRUCE FUNK, D. D. S.,
Clinical Dentistry

C. L. RICH, D. D. S.,
Clinical Dentistry

WALTER GAMBOE, D. D. S.,
Clinical Dentistry

JOHN T. O'ROURKE, A. B., D. D. S.,
Examiner of the Clinic

E. G. ROGERS, A. B.,
Secretary to the Dean

HELEN MANN
Cashier in Clinic

*On leave of absence in Government service.

Announcement

We are pleased to announce that the Louisville College of Dentistry, recently known as The Central University College of Dentistry, has passed into the possession of the University of Louisville and becomes a part of it. It will hereafter be known as **The University of Louisville College of Dentistry.**

This change is an event of much interest to prospective students of dentistry, the present student body and the entire alumni, as it marks the beginning of a new era in the history of an institution that has long held an honorable place among the dental colleges of the country.

The value to the students of instruction obtained in an institution devoted entirely to higher education, as compared to one conducted for profit, can be readily appreciated.

The courses will continue to be taught in the building heretofore occupied by the College, which was built especially for dental teaching. It is admirably adapted to thorough instruction in modern dentistry.

The building has been thoroughly renovated from the basement to the top floor. Much new equipment has been added and everything done that could add to efficiency in instruction.

The faculty, which has contributed so much to the success of the school in the past, is retained practically without change.

The Standing of the College

The College has been a member of the National Association of Dental Colleges since its organization and it is also a member of the National Institute of Dental Teachers.

At the recent meeting in Chicago of the Dental Educational Council of America, and representatives of the War Department, full recognition was accorded to the University of Louisville College of Dentistry, with all the special privileges as to enlistment in the Medical Enlisted Reserve Corps and others that go with such recognition.

Requirements for Admission

The requirements for entrance consist of graduation from an accredited high school or academy which requires for graduation not less than fifteen units of high school work obtained in a four-year course. No conditions on the foregoing entrance requirements will be allowed.

In the case of an applicant who is not a graduate from a high school or academy, as defined above, the full equivalent of such education in each individual case must be established and attested by the highest public educational officer of this state.

Students with two full years credit from Class "A" Medical Schools approved by the American Medical Association may be admitted to the sophomore class. No other advanced credit in time may be given in any other case than as above specified. No special students will be accepted unless they are in possession of the entrance requirements specified above.

The foregoing regulations apply to all students including those from foreign countries, regardless of where the applicant expects to practice his profession.

Applicants for admission must bring credentials in the form of a diploma or a properly authenticated certificate showing the number of units he has earned. These will be referred to the Committee on Admission of the University and afterwards passed upon by the State Dental Examiner, and if found satisfactory, the applicant will be admitted without examination.

Candidates for admission must be of good moral character and in a good state of health.

Clinic

In Louisville, with the neighboring cities across the Ohio River, together with the numerous charitable institutions and large manufacturing located in the city, there is no lack of material for clinics. This college has been known for years for the excellence of the clinic. There is at all times an abundant supply of patients. It is the intention that this clinical practice shall be made as much like an actual dental practice as possible. The development of the ability to obtain and hold a practice, the observance of professional courtesy toward patients—essential to personal success—is regarded as equal in importance to the development of manipulative ability.

The clinic will be opened on September 2, thus giving opportunity to students who get in early to receive valuable practice and instruction.

Promotion of Students

A student who has incomplete courses, or failures, in 40% of his course for any semester shall be dropped from his class.

A student may not be promoted if he has conditions or failures in more than 20% of the course of any year.

A student who fails to remove a condition or failure within twelve months from the time it was incurred shall automatically be dropped from the school.

An incomplete course is one that has not been completed because of illness or other personal emergency.

Passing Mark, Conditions, and Failures

The passing mark is 75%.

A grade between 60 and 74% is defined as a condition.

A grade below 60% is defined as a failure.

A condition may be removed by examination.

A failure may not be removed except by repetition of the course in part or entirely, i. e. by additional work under instruction approved by the Dean or the professor in charge of the subject.

A condition which is not removed within thirty days of the opening of the next year, automatically becomes a failure and can then only be removed by a repetition of the course.

The record of attendance required of students must not be less than eighty-five per cent. for each year. Attendance shall be counted from the close of registration.

Registration begins on September 30.

Registration ends on October 10 inclusive.

In case of illness, properly certified to by the attending physician, ten additional days will be allowed.

Students may register at any time previous to the above dates.

No credit of any kind can be given to students admitted later than ten (10) days after the close of registration, except in case of illness.

Army Enlistment for Dental Students

As the students of this institution are eligible to enlistment in the Medical Enlisted Reserve Corps, in order that they may acquire their dental education before being called in the draft, the discipline and standing of each individual student is under the supervision of the Surgeon General's office at Washington.

Students' Army Training Corps

A unit of the S. A. T. C. has been established in the University by the Government and dental students are to have this opportunity for military training. A special message received from Washington by Dr. John L. Patterson, Dean of the College of Arts and Sciences, urges the importance of dental and medical students taking advantage of the military training under an army officer.

"Its object," says the War Department, "is to prevent the premature enlistment for active service of those men who could, by extending the period of their college training, multiply many times their value to the country."

Men between the ages of 18 and 45 who enlist in the S. A. T. C. receive their tuition, board and quarters, uniforms and arms and a private's pay of thirty dollars a month.

Fees—1918-1919**FRESHMAN**

Matriculation.....	\$ 5 00
Tuition.....	190 00
Biology Laboratory.....	5 00
Anatomy Laboratory.....	10 00
Histology Laboratory.....	5 00

SENIOR

Matriculation.....	\$ 5 00
Tuition.....	190 00
Clinical Fee.....	10 00
Senior Fee.....	15 00
	\$220 00

All fees are due and must be paid by the student upon entering college, or a satisfactory arrangement must be made with the Treasurer of the University.

Requirements for Degree

The degree of Doctor of Dental Surgery is conferred by the University upon students recommended therefor by the Faculty of the College of Dentistry. Candidates are recommended: (a) who have attended the required courses of lectures and who have passed satisfactorily all required examinations in the subjects of study, the entire last year having been completed in this school; (b) who have completed the required clinical and laboratory work; (c) who in the judgment of the Faculty are of fit moral character and are 21 years of age; (d) who have discharged in full all financial obligations incident to their college course.

Instruments and Text Books

Before a student is permitted to take up his work in the laboratories or in the infirmary clinic he is required to supply himself with the necessary instruments and equipment.

Lists of instruments needed will be furnished by the instructors.

Students must purchase necessary text books, a full stock of which is carried by the University Book Store, First and Chestnut Streets.

*Histology Laboratory on account of the change in schedule will be given to Sophomores the coming session only.

8 hrs. in college	3	hrs. in study	
Each student has a minimum of 11 hrs. to account for each day.			

The above schedule is subject to modification if the necessity arises.

Expenses

Each student will find it necessary to spend from \$500 to \$600 a year to cover the total cost of tuition, laboratory fees, books, instruments, living, and personal expenses. This amount will vary according to the economy practiced by the individual. The amount spent on instruments during the four-year course, may rightly be charged to his office equipment, since the instruments will form a large part of the office equipment of the student after graduation.

Board

Good board, including room, may be had for from \$6 to \$8 a week; comfortably furnished rooms, including light and heat, at from \$6 to \$7 a month.

The Central Y. M. C. A. Building is located within two blocks of the college; besides offering a comfortable home at a reasonable price for the students, it gives them excellent advantages in its reading rooms, libraries, gymnasium, and swimming pool.

A list of boarding houses is kept in the college office, at Brook and Broadway, where assistance will be given students in securing boarding homes.

Co-Educational

Both men and women are admitted to the classes in the College of Dentistry.

To the Profession

In the department of dental anatomy and in the technic courses, a great number of teeth are required for the purpose of dissection and study.

Any teeth that practicing dentists may see fit to send will be gladly accepted by the demonstrator in this department and will be of great service to him. Contributions of this kind should be sent directly to the office at Brook and Broadway, where the charges will be paid.

Limitations

All statements made in this announcement relate exclusively to the year ending in June, 1919, and are applicable to all students without regard to date of matriculation. The school reserves the right to make any changes in the faculty, text books, equipment, and course of instruction that it may deem expedient.
